CONCRETE BUCKETS

Concrete bucket with central and side unloading

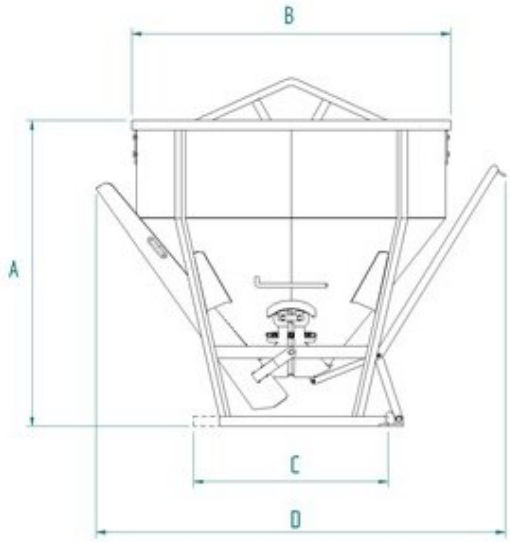

CL Model

LOW BUCKET, HIGH QUALITY

We offer our customers our CL series of buckets with reduced height, ideal for batching plants and to be filled with truck mixers. This model presents a **side chute.** This model is manufactured in many different capacities as listed below. We offer also the C series without the side chute, check it in our buckets list! These two models are also available in the galvanized version, that guarantees a long lasting quality thanks to the hot-dip galvanization process that forms a coating of corrosion-resistant zinc which prevents corrosive substances from reaching the more delicate part of the metal.

All our concrete buckets are built to meet or exceed the regulations of EN, ASME and UNI and come with the required labels, certificates and user and maintenance manual. All our products are covered by a 1-year warranty (EU Directive).

MODEL	CAPACITY (L)	DIMENSIONS (mm)				CAP. (kg)	WEIGHT (kg)
		A	B	C	D		
CL-15	150	560	920	660	1100	390	65
CL-20	200	640	920	660	1100	520	70
CL-25	250	720	920	660	1100	650	75
CL-30	300	800	920	660	1100	780	80
CL-35	350	887	925	660	1100	910	85
CL-40	400	840	1050	660	1250	1040	90
CL-50	500	950	1050	660	1250	1300	95
CL-60	600	1070	1050	660	1250	1560	100
CL-80	800	1120	1250	750	1550	2080	150
CL-99	1000	1300	1250	750	1550	2600	165
CL-150	1500	1800	1250	750	1550	3900	240
