Lifting clamps

Kerb stone handle

Manual kerb stone handle

The PZC-E model is a mechanical clamp designed for the manual lifting and handling of concrete curbs. This device is equipped with clear rubber pads for a secure and protective grip on the curbs without leaving marks. All our clamps are built and tested in compliance with UNI EN 13155, UNI EN ISO 12100, UNI EN 13854, ISO 8686, UNI EN 10204 standards and are supplied with a metal ID plate, certificate of conformity, and user and maintenance manual. Furthermore, all our products are covered by a one-year warranty as required by the European Directive.
