Lifting clamps

Paving block extractor

Galvanized clamp for extracting interlocking blocks

Our clamp for interlocking paving blocks is an essential tool for professionals involved in laying interlocking paving blocks. Designed to offer maximum versatility, this manual clamp is adjustable to fit any size of paving blocks and has a galvanized zinc finish for durability. All our clamps are built and tested according to UNI EN 13155, UNI EN ISO 12100, UNI EN 13854, ISO 8686, and UNI EN 10204 standards and come with the appropriate label, certificate of conformity, and user and maintenance manual. All our products are covered by a one-year warranty (European Directive).
