Concrete bucket with wheels

200-liter concrete bucket, equipped with 2 fixed wheels and 2 swivel wheels, ideal for transporting small quantities of concrete within floors. The opening is operated manually via a lever, while the discharge is front-positioned. The bucket can also be lifted using a 4-leg chain. All our buckets are built and tested according to strict safety standards, including UNI EN ISO 12100, UNI EN 13854, ISO 8686, UNI EN 10027, and UNI EN 10204. Each product comes with a metal ID plate, certificate of conformity, and user manual, ensuring the highest quality and safety on the field.
