DATA SHEET - CRANE TILTING BUCKET

Self dumping bins

Crane tilting bucket

Trapezoidal boat skip for crane with tilting on both sides

Model A is a crane bucket designed with the distinctive feature of being able to tip on two sides, providing considerable versatility for various applications on construction sites. This feature, combined with the uniform height of the walls, greatly simplifies the handling and dumping operations of materials of various sizes. The bucket is built and tested according to safety standards and comes with a metal nameplate, certificate of conformity, and user and maintenance manual. We offer a one-year warranty on our products in compliance with the European Directive. If you need more details or have specific questions, don't hesitate to ask. We are here to help. All our buckets are built and tested according to UNI EN ISO 12100, UNI EN 13854, ISO 8686, UNI EN 10027, and UNI EN 10204 standards and come with a dedicated metal ID plate, certificate of conformity, and user and maintenance manual.
