DATA SHEET - ALUMINUM TOOL BOX WITH SIDE DOOR

Storage and handling equipment

Aluminum tool box with side door

Assortment of aluminum tool boxes with side door

Introducing our aluminum toolboxes with a convenient and functional side opening, allowing operators to directly access items inside the box without continuously climbing onto the truck bed. These aluminum toolboxes feature internal compartments and come complete with side handles and lifting brackets. Features: • Waterproof: The equipment is always safe from moisture, even in bad weather. • Rustproof: No rust, maintaining its integrity over time. • Lightweight: Ensures easier movement. • Functional: Easy to handle thanks to welded feet at the base and four lifting eyes. Also equipped with internal compartments of various sizes for small hardware. Lockable with a padlock. Upon request, the boxes can be fitted with wheels, further increasing their versatility! This product is constructed and tested according to UNI EN ISO 12100, UNI EN 10027, and UNI EN 10204 standards and comes with the appropriate metal label and conformity certificate. All our products are covered by a one-year warranty (European Directive).
